## Overview

MasseyHacks II (MH2) took place at Vincent Massey Secondary School from 11AM on May 21st to 4PM on May 22nd. MH2 is the first ever Major League Hacking high school hackathon in Canada and is the largest Canadian high school hackathon to date. Hackers and mentors gathered from all over Ontario and Michigan in Windsor for a weekend of hacking.

We hope you enjoyed MasseyHacks II as much as we enjoyed planning it. The following is our transparency report that covers everything that happened behind the scenes at MasseyHacks II.

## Budget

Through sponsorship, crowd funding and the use of leftover funds from MasseyHacks I, we had \$12966.39 in funds for MasseyHacks II. For the majority of the Toronto and Waterloo hackers and mentors, they travelled to MH2 on one of our two buses. We issued travel reimbursement for those who travelled a great distance to MH2 at their own expense. The entire event costed \$10234.61, which leaves \$2731.78 for MasseyHacks III. Logistics costs included the printing of Tshirts, flyers, stickers and wristbands while miscellaneous costs included the various tools used to cook our dinner and other smaller expenses.

A HUGE thank you to our sponsors who made MasseyHacks II possible!

## Mentors

We had an amazing group of 32 mentors from various universities including the University of Windsor, University of Waterloo, University of Toronto, University of Michigan and McMaster University. These mentors provided assistance to our hackers when they needed help with their projects. Some of them also taught the workshops at MasseyHacks II. Thank you for giving back to our hackers and community!

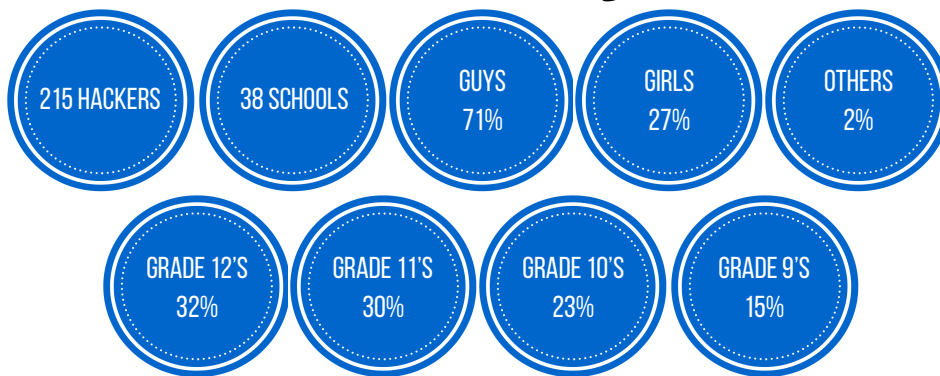

## Volunteers

We had 27 students from Vincent Massey who volunteered their weekend for MasseyHacks II. They helped make MasseyHacks II a great experience for all the hackers. Thank you!

## Crowdfunding

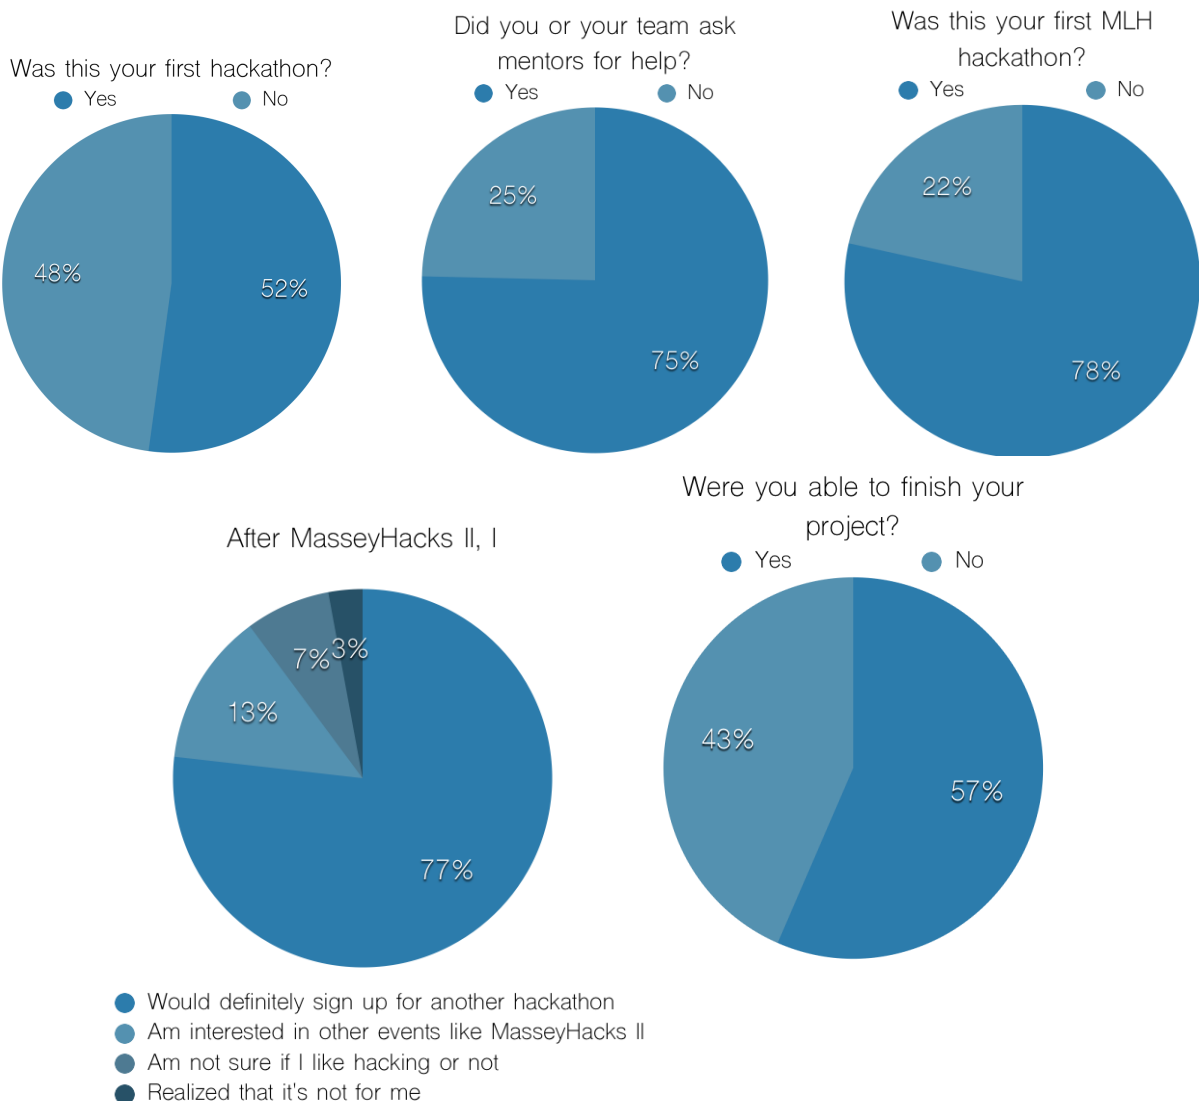

We were able to raise \$631 through generous members of our community. THANK YOU for your support!
